# AN EXCITING SUBSCRIPTION OFFER EXCLUSIVELY FOR READERS OF MAD MAGAZINE!

"An extraordinary opportunity to own the official MAD Pin Collection!"

## A Brief History of the MAD Pin Collection

In late 1990, MAD publisher William Mildred Farnsworth Higgenbottom Pious Gaines IX decreed that there should be an official MAD Pin Collection and ordered that famous artisans from around the world be contacted to see who would work the cheapest to create these objects of art!

Unique in all of jewelry-making history, we broke the mold before we cast these pins!

Each official MAD Pin is precision crafted by machines that are turned On and Off by hand!

Each Pin is cast in Space-Age Alloys—the same Alloys used to make NASA space shuttle souvenir pins sold by guys hanging around Cape Canaveral!

The Official MAD Pin Collection smells like jewelry that costs thousands of dollars and can be mistaken for real gold at distances over 500 meters (though at shorter distances they may be mistaken for a lot of other things!)

These Pins will not be sold in any store—we know, we tried getting any store we could find to sell them and nobody would touch them!

Due to the special nature of this offer, the number of Official MAD Pins commissioned shall never exceed the demand! (In the event of a tie, all production will cease! That's our commitment to quality!)

These are the very same Pins that will be offered by us again and again and again in future issues of MAD Magazine!

An Important Reminder! Each Official MAD Pin is so valuable it will be personally delivered to your home by an official United States Government Employee, dressed like a mailman!

This offer is neither endorsed nor in any way connected to the Franklin Mint, Benjamin Franklin, Joe Franklin or Franklin Delano Roosevelt!

### SKATE OF CONFUSION

In reference to your article entitled "A MAD Report on Rollerblading," please be advised of the following: ROLLERBLADE is a trademark of Rollerblade, Inc. Therefore, in order to avoid trademark infringement, the Rollerblade trademark should not be used either in a singular/plural noun or verb form (rollerblade, rollerblades, rollerblader, rollerblading) to describe an "in-line skate," "in-line skater," or the act of "in-line skating." Slang terms such as "blades," "blader," or "blading" should also be avoided.

Repeated misuses of our trademark name could cause it to pass into the public domain where it might be used by our competitors and imitators. As you may recall, this is what happened in the case of aspirin, cellophane and linoleum, all once trademarks of the companies that originated these products.

Deb Grocholski, General Counsel  
Rollerblade, Inc.  
Minneapolis, MN

Thank you so much for your information-packed letter! Here are some other phrases we think should be avoided: Pomposityblading, dullblading, boorishblading, anal retentiveblading, humorlessnessblading...—Ed.

## MAD CELEBRITY PHOTO CAVALCADE

Bugsy stars Joe Mantegna and Ben Kingsley take a peek at themselves in MAD #312's satire "Bugsy." The pure joy on their faces says it all!

### PUN PALS

I recently enjoyed Duck Edwing's "The Sanguinary Serengetti Screw-up" in MAD #317. But shouldn't it have appeared in the TAILS from the Duck Side Department??

Sharon Dodge  
Farmingdale, NY

When I read #317's "Energizer Rabbit Commercials That Were Never Completed" I just kept on groaning and groaning and groaning and groaning and...

David Houle  
Ontario, Canada

### "A LEAGUE TO BEMOAN"

As always, your issues are a riot and #317 was no exception, but I must point out a little woopsie. On page 46 in "A League to Bemoan" there is a picture of a boy holding a "Let's Go Mets" balloon. The Mets didn't start as a club until the 1962 season!

Yoni Novick  
New Rochelle, NY

Oh Yoni boy: we'll concede the Mets point to you, however we looked through "A League to Bemoan" again and couldn't find little Woopsie Goldberg anywhere. Maybe you're thinking of her appearances in "Sister Axed" (MAD #316), "Gauche" (MAD #301) or "Jumbled Joke Flash" (MAD #270). Thanks again for your inquiry about the talented Ms. Goldberg.—Ed.

### BUFFALO GAL

I decided to hang up your "MAD Maze" poster from MAD Collector's Series #5 on my wall at school. I think I'm going to take it down. I find it most scary. I think I'll put up another Pearl Jam poster. Eddie, Jeff, Mike, Stone and Dave are much better looking than Alfred anyway!

Heather Sherman  
State University of New York  
Buffalo, NY

Heather, perhaps the reason you found those meatheads from Pearl Jam more attractive than Alfred is because you've been spending too much time at P.J. Bottom's throwing back brewskis! We have a suggestion for you—why don't you hop a Blue Bird at Flint Loop and motor over to Wilkeson Quad where they appreciate Alfred for the real man he is!—Ed.

### MORON MAIL

After seeing the three Amy Fisher TV movies, I'd like to see MAD do a musical version!

Eric Perlin  
Bluepoint, NY

We thought about it, but it was too much trouble finding words that rhyme with "Buttafuoco" that can be printed in a family magazine.—Ed.

# HUMOR IN A COPPOLA VEIN DEPT.

Permit me to introduce myself! I am **Bela Lugosi**, the most famous **Dracula** ever! **Dracula** is supposed to be **immortal**, but this latest version has me turning over in my grave! My **Dracula** was a classic! But this new version is pure...

I am a vicious, demonic, blood-sucking horror, not to mention one of the world's most hated and feared monsters! In other words, a **vampire**! **Drek-ula**, by name!

I'm also a vicious, demonic, blood-sucking horror, as well as one of the world's most hated and feared monsters—I'm a **real estate agent**! By name, **Johnbore Hawk**! I'm also **Minor's fiancé**!

I'm **Minor**! Though I'm betrothed to **Johnbore**, I'm helplessly under **Drek-ula's spell**! He sometimes appears to me as a **young prince**! Other times he's an **old bat**, a **snake**, a **wolf**, etc.! Quite frankly, I never know what to wear on a **date**!

I'm **Rentfree**, driven mad by **Drek-ula**! I survive from the nutrients I get by **eating bugs and rodent droppings**! Fortunately, I get all that in just about **anything** that comes from the local **supermarket**!

FOR SALE

ARTIST: MORT DRUCKER

Loosely, I never saw such a **fight** to get someone in **bed** before! But now that I've got you here, let me give you a **good night bite**!

That's okay for starters!

I'm warning you, when I make love, sometimes I become a **wolf**, a **snake**, a **bat**, a **horse**...

Too bad! I was hoping to try something new!

After waiting for so many centuries, I have no **patience** for silly **chit-chat**! I must sink my **teeth** into your neck and suck out every drop of **blood** in your body!

Well, aren't you the smooth talker! I guess I'm just **your type**!

Yes, you are—**B negative**!

# R-11a

I'm **Loosely**, Minor's best friend! My morals aren't exactly of the **highest standard**! Let me put it this way—when it comes to **indecent behavior**, only **politicians** have been known to exceed me!

I'm **Artless Homeboy**, Loosely's fiancé! I **didn't mind** that she made love to **other men**! I **did mind** that she did it at the same time I made love to her!

I'm **Queasy**, another suitor of Loosely! I was **shocked** when I saw her with a copy of the sexually explicit book, **Arabian Nights**! I was even **more shocked** to find that the artist had used her as the **model** for the pictures!

I am **Dr. Von Hellschwing**, the vampire expert! I was the one who discovered that **garlic repels vampires**! Unfortunately, it also **repels women**! I haven't had a date in years!

WRITER: DICK DEBARTOLO

We never met, but you remind me of someone who **committed suicide** hundreds of years ago when I was **Prince Gladwrap** and went off to battle the **Turks** in the **Crusades**!

You should get yourself a new "**pick up**" line! I've heard that **one a thousand times** already!

You'll have to forgive me, I'm **new** in town! I'm from **Transylvania**!

I'm not familiar with the **name**, but judging by the way you're **dressed**, **Transylvania** must be very close to **Woodstock**!

I can't believe how much you remind me of my wife!

Well! You didn't tell me that you were a **married man**!

My wife died over **400 years** ago!

I'm glad to see you didn't **rush back** into the **dating scene** right away!

I don't know what's wrong with me, Minor! I feel so weak! This morning I cut myself and instead of blood, air came out of the wound!

Loosely's blood level is down!

How do you know that, Doctor?

I'm always on the cutting edge of medicine! I used a dipstick! She's two quarts low!

Didn't you notice those two small puncture marks in her neck?

Yes, I did, doctor! I assume that was where you stuck the dipstick! At least I hope that's where you stuck the dipstick!

Loosely is suffering from an advanced case of foreplay, exasperated by acute necking, and to a lesser degree by the fact that she's a vampire! The symptoms are obvious: hissing, screaming, biting, barking, and over-acting!

Tell me, beast, are you a real wolf or are you Drek-ula?

I don't know! I'm just as confused as everyone else! Why don't you ask that rug over there! In this scene, it just might be Drek-ula!

Doctor! I think Loosely has gone berserk!

This will stop her! But you said it was only a myth that vampires fear crosses!

What fear? I'm going to beat her over the head with it!

Can it be? Is Loosely really dead?

How would I know? She always acted like this when I was with her!

Loosely is now among the **undead**! Too bad we can't say the same for the screenplay!

If you think being **undead** will serve as an excuse for not paying me all my funeral expenses, you've got another guess coming! Oooh, yes...she's very dead in my book!

We must track down Drek-ula, but it won't be easy! Vampires can take on the likenesses of other people!

How about vampire experts? Can they take on the likenesses of other people too?

Why do you ask?

Because at times you look and act just like Hannibal Lecter!

I'm Kramer, and I will be your waiter for this evening! I recommend tonight's special—steak!

Oy, don't mention stake! It gives me heartburn! Bring me a rectangular shaped meat loaf and a very large donut!

If you don't mind my asking, why such a weird order?

It's for the special effects people! They've already dissolved from a severed head to a roast beef—now they can dissolve from a meatloaf and donut to a coffin and a hole in the ground at the cemetery!

Loosely's gone from her coffin! But she left a note: "I've gone out for a Bloody Mary! Back by sunrise!" And there goes Drek-ula! Get him!

You'll never catch me! I'll call up the rain and the wind and a lot of humidity and only a 10% chance of clearing in the late afternoon, which means kiss your wild hair-dos good-bye!

Did you notice that whenever Drek-ula does one thing, his shadow does something completely different?

Of course I noticed! I came up with the same "The Shadow Knows" feature back in MAD #107! This movie is based on both a Bram Stoker book and a Bill Gaines magazine!

That was close! The undead Loosely bit me on the neck!

Then you too will turn into a vampire!

I don't think so! To be safe, I was wearing a condom over my head!

I'm dying! Paying property taxes on nine places in midtown London is sucking the life out of me!

I will kiss you, and save you!

You would do that for me?

I would do it for anybody who owned nine pieces of expensive midtown real estate!

Minor, your kiss saved me! Not only have I turned back into a prince, I've turned into a prince in a far better movie—*Beauty and the Beast*!

And we'd like to talk to you about that!

Who are you?

We're more blood-sucking scum—lawyers! We represent Walt Disney Studios from whom you stole our *Beauty and the Beast* plot!

Hah! You'll never win! There's no comparison between these films! That one made sense, it was fun, and the audience really cared about the characters!

Old Drek's got 'em there!

It seems like every time you go to your mailbox there is always one piece of junk mail that is the worst. (No, not your latest issue of MAD, schmuck!) It's a letter from some charity asking you to

# DUCK EDWING'S TWISTED WORLD of MAGIC and ILLUSION

ARTIST AND WRITER: DUCK EDWING

**"Baby Boomers"**—those born between 1946 and 1964—  
are quite a "colorful" group. They've been through the...

Psychedelic 60's...

Disco 70's...

Yuppie 80's...

...and, as a result, they're, well, different! Some might say "odd." Which, of course, is no big secret to those of you who are the children that they finally "got around to" having! As we're sure you probably already know...

# HAVING "BABY BOOMERS" for PARENTS MEANS...

ARTIST: RICK TULKA

WRITER: MIKE SNIDER

Getting long lectures about the "junk on TV today" from people who get misty-eyed reminiscing about *Mr. Ed*, *Gilligan's Island* and *The Brady Bunch*!

# HAVING "BABY BOOMERS" for PARENTS MEANS...

Going through most of your "formative years" with a videocam stuck in your face!

Remembering not to utter the words "Nixon," "disco" or "Warren Commission" unless you have got at least half an hour to kill!

Dealing with a new "parenting strategy" every time some boneheaded child psychologist shows up on *The Today Show* with a book to plug!

Never being able to watch *The Wonder Years* in peace and quiet!

Finding some disgusting new "mystery food" on your plate every so often, because of one newspaper article saying that it is "healthy"!

Being totally mystified whenever they try to explain how Woodstock was *more* than just a big rock concert with lots of sex and drugs!

Running across old snapshots of your folks wearing clothes that a deranged circus clown wouldn't be caught dead in!

Never getting a straight answer to the questions, "Did you smoke pot?" and "Why did you vote for Reagan?!"

HAVING "BABY BOOMERS"  
for PARENTS MEANS...

Either taking up Rap, or accepting the fact that they might like the same music you do!

Getting a "consciousness-raising" instead of a spanking!

## LIFE-SIZE INFLATABLE VET

## BIRDCAGE FUNHOUSE MIRROR

A perfect trick to play on parrots and other birds! Distorts their reflection to make them think they've got six beaks and freakishly twisted wings! Forget the crackers, after this, "Polly want a plastic surgeon!"

## NAUGHTY PARROT VOICE

Feathers will fly when you hide this vulgarity-spewing device in Polly's cage! So cover your ears but not your eyes, or you'll miss seeing the mortified owner return that "foul-mouthed bird" right to the pet store! Available in 12 languages, including Pig Latin!

## MUDDY PAW PRINT STAMP

Funnier than fake vomit! Place it on the floor and watch hysterically as perplexed dogs and cats try in vain to lap it up! Meat gravy, chocolate syrup and spaghetti sauce also available! A must for every kitchen floor!

What will violence-prone teenagers think when they see all the maiming and killing in this movie???

They'll think that it's an instructional video!

ARTIST: ANGELO TORRES

Today we're retiring this once great ship! I know how sad it is to put something that no one has any use for into mothballs! Bill Clinton did the same thing to me last November!

To celebrate the captain's birthday, we've hired a Playboy Playmate to jump out of his cake! It'll be a big surprise for him!

He'll have an even bigger surprise when the Navy Department court-martials him for insensitive, sexist behavior!

thing in the Armed Services) and a sick, twisted plot to hijack a U.S. battleship and what have you got? A really wild episode of "Major Dad"? Nope! You've got one, big...

# R SIEGE

Think there'll be a Steven Seagull doll like G.I. Joe because of this movie?

If it's exactly like him, at least it'll be a safe toy!

What do you mean?

There will be no moving parts!

WRITER: STAN HART

I have a lot of work to do! You stay here!

You're putting me in here for safety?

No, for later! Right now I have to—if you'll pardon the expression—booby trap the microwave oven!

Putz! I told you to always read the directions on the popcorn bag before putting it in a microwave!

How about giving me a hand over here?

No! Because I hate violence and I think killing is morally wrong! By the way, do you know what you're doing?

I'm an expert in explosives, as well as navigation, nuclear weapons and puff pastry!

With all that studying, no wonder you never had time to get in shape, Lardo!

When we sell these missiles, we'll have a fortune! What are you going to do with 200 million dollars?

I think I'll buy myself the Presidency!

Hell, dummy! It's not for sale!

Oh yeah? Try telling that to Ross Perot!

Heh heh, ha ha hah! Got it!

Why does he hate our government so much?

Because they're always late with his Social Security check!

I have to disable the North Korean sub and then I'll be right back to retake the ship, disarm the atomic weapons and fix the nation's economy!

I set a charge on the sub and...

If they could see me now...

Oops, wrong ship! Hey, maybe I should blow this one up! No jury in the country would convict me!

If you want me to treat your wound, you'll have to take off your shirt! But then, everyone will see that you have absolutely no muscle tone! On second thought, just try not to get infected!

I thought you said you hated guns and yet you compromised your principles to save my life! I don't understand!

If you could ever tear yourself away from eating and get out to the flicks, you'd recognize one of the movie's oldest clichés when you saw it!

I'm glad we found those six crewmen just sitting around doing nothing! Now we can fire the big guns!

Now we can do anything we want! By my count of the killing you did, we now outnumber the terrorists two to one!

Submerge, damn you! I want to go down immediately!

Is this fast enough?

Well, there's some bad news and some good news to report! The bad news is that an atomic missile is headed straight for Honolulu! The good news is that Hawaiian vacation rates will be a lot cheaper after it hits!

You got me! Why don't you kill me?

I will! But first I want to explain in great detail why I did what I did!

I see! You want to bore me to death! Is that it, you fiend?

Not really! I thought if I could make you understand my convoluted philosophy, then maybe I would understand it too! Besides, it gives you time to escape and kill me!

I have the kill codes! Just enter them and the missile will explode harmlessly a mile off of Honolulu! I'll be a real hero!

Not to the Hawaiians you won't be! When the wind blows their way, the radioactive fallout will kill most of them!

I never thought of that! But then, neither did our scriptwriter!

Hey, how does it feel being kissed by the Navy's biggest hero?

Like falling face down into a mound of mashed potatoes!

Maybe this is the start of a new movie trend! The era of the flabby hero!

It's about time! We're so proud!

Yeah! One of our guys finally made it big in Hollywood!
